KELL'S WOOD

Inspired, Infused, and Created with Spirit.

You will find very unique creations made from local discarded wood that has been reborn. From furniture and children's toys to kitchen items and cocktail smokers, you are bound to find something interesting, fun, and of good use in the kitchen and other places in your home. Ask about any of our processes or something you always wanted made by a woodcrafts person with a lot of talent and imagination.

KITCHEN

KITCHEN

All of our cutting, serving boards as well as utensils, knives and smokers are finished with a food safe oil. Maintain products with any food safe oil or beeswax conditioner, available at many retail outlets.

While all our boards can be used to serve and cut soft cheeses and deli meats, only boards specifically marked **“Cutting Boards”** should be used for cutting, chopping and hard use.

CUSTOM

Commercial & Residential

CUSTOM

When doing custom work I invite the customer to be part of the process, from selecting the wood to the finish. My goal is to make a custom piece they will be proud of and love.

FRACTAL WOOD BURNING

(AKA Lichtenberg wood burning)
Ask about this technique...

ATTENTION:

Prices vary as each is unique and vary in size. We try to maintain some consistency, but the artistic process may bring to life, variations not seen in reclaimed wood.
